Dear Vice Chancellor/Director,

Greeting from AIU!

In consonance with its mandate of promoting and strengthening the Research culture in the Higher Education institutions, Association of Indian Universities organizes **Anveshan: Student Research Conventions** every year. The Research Conventions are organized at zonal level and the Final Convention is organized at National level. Since its launch from 2007, **Anveshan** has achieved many milestones and has evoked overwhelming response from the young researchers who participate in the Research convention with a great deal of enthusiasm.

In the current year due to the prolonged impact of Covid Pandemic, we have decided to hold only one Anveshan: National Student Research Convention for which proposal for collaboration was invited. **Academy of Maritime Education and Training (AMET), Chennai** has been selected for collaboration and organization of the **Anveshan: National Student Research Convention**. The Convention has been scheduled to be held in **blended mode during March 10-11, 2022**.

The event is competitive in nature in which innovative and unconventional research projects are invited and assessed by a panel of experts in the concerned subject/discipline at the university level. Selected projects are to be sent to National level convention for final competition. The selected projects in the National Convention will be awarded with **cash prizes, mementos and certificates**. The overall winner projects across **Five Categories** also shall be awarded a **Gold Medal** instituted in name of late **Prof S K Mukherjee**, former President, AIU.

I am writing to inform you to take necessary initiative of organizing the competitions at the university level to short list the best Research Projects of the Students, of your university.
